

Molecular Training

Validation and Quality Assurance for Diagnostic Real Time PCR Assays

This two day workshop is designed for experienced real time operators involved in development work or assay validation. The first day will cover the important validation of new assays, both kit based and home-brew. The second day will cover quality assurance and accreditation guidelines relevant to a molecular lab. Attendees can attend one or both days.

Topics to be covered include:

- International Guidelines for Validating Home Brew Assays
- How to approach designing a new assay
- Available QA Programmes
- IVD regulations and guidelines

Dates: 9th – 10th June 2010

Time: 9:00am to 5:00pm

Location: RDNZ Training Laboratory
15 Rakino Way
Mt Wellington
Auckland

Trainer: Fabrice Merien

CPD Points: 16 points per day

Cost: \$300.00 + GST per day

Travel/Accommodation:

Costs relating to any travel and/or accommodation required are not included. Roche Diagnostics can arrange flights and accommodation at Waipuna Hotel and charge back.
