Sarstedt Tube Update

Current Situation:

Roche Diagnostics NZ holds local stock of 1.5mL and 2.0mL Sarstedt tubes in our Auckland warehouse for your convenience. We source the tubes from a third supplier, and the pack units available and prices have changed. Previously, the tubes came in a pack of 100, now they are only available in packs of 1000. Due to the new pack sizes, we have assigned new Roche order numbers to the tubes.

Please see below for the updated order numbers, pack sizes, and prices.

<u>Item</u>	<u>NEW Order No</u>	<u>Old Order No</u>	<u>Pack Size</u>	<u>List Price</u>
