Change to LightCycler Capillary Pack size

Current Situation:

Dear LightCyclist the current pack size of LightCycler Capillaries containing 8x96 capillaries (11 909 339 001) is to be discontinued and replaced with a new pack size.

The new pack contains 5x96 capillaries and in all other aspects will be identical to the old product. This change is effective from April 2008

Actions Required:

Please ensure any future orders reference the new product number **04 929 292 001** to receive the new pack size.

We will endeavour to catch any orders with the old number at customer service and inform you if this happens

We apologise for any inconvenience. Please contact us on Techline if you would like to discuss this further, or require any additional information. .
